

Construction Mitigation Plan Agreement for Large Permitted Projects

Full Construction Management Plan (CMP) requirements can be found in the Construction Management Plan Requirements available [here](#). The “Construction Mitigation Plan for Minor Projects” document can be utilized for interior remodels. For large projects or at the discretion of the CMP reviewer a full CMP written by the project contractor is required.

The purpose of this form is to provide required documentation and establish that all parties agree that the CMP is complete, has been reviewed, and is approved. In addition, the applicant acknowledges and agrees to abide by all requirements.

1.0 Project Location
<p>Project Address:</p> <p>Project Description:</p> <p style="text-align: center;">Contact Information</p> <p>Name:</p> <p>Phone:</p> <p>Email:</p>
2.0 Project Documentation
<p>List all permits related to this project (MEP, ROW, Demo permit etc.):</p>

Indicate Project Public Notification:

Project Sign Will Be Posted at Site – Required information is provided to the right. Name, Address, Permit Number, GC Name and Contact #, Emergency Contact and Number.

3.0 Project Implementation

Dates of Project Construction:

Hours of Construction: Construction hours shall be limited to 7:00am – 6:00pm Monday through Saturday. No construction is permitted on Sundays or holidays.

Will construction fencing be provided? Yes Not required for the project scope

If fencing is required show the location of the construction fencing on the site plan.

Are there trees within the work area? Yes No

4.0 Site and Right of Way Management

A Site plan is attached which shows all construction staging areas.

Construction trailer, job materials storage, waste management and recycling container locations, and portable restrooms shall be clearly designated on the project site plan. Loose job material storage is not allowed in ROW under any circumstance. Show any use of the ROW or show there is adequate space onsite.

Will the project use any portion of the Public Right of Way for construction purposes? The project shall submit a ROW permit for use of the ROW. Yes No

Will the Project maintain continuous emergency vehicle access, on and around site, including but not limited to police, fire, and ambulance services? Yes No

Does the project require use of public parking spaces for construction purposes? Yes No

Does the project propose earth retention?		
If the project proposes earth retention a plan shall be submitted that depicts the extent of excavation and details any method of stabilization employed.	Yes	No
5.0 Traffic Control		
Does the project require a traffic control plan?	Yes	No
If so, attach the traffic control plan to this application.		
Does the project require any special circumstances for deliveries?	Yes	No
Traffic control required for deliveries must be fully coordinated with the TOSV Public Works & Police Departments. Roads will not be closed under any circumstances, unless granted permission from these departments.		
6.0 Pedestrian Protection		
Does the Project maintain pedestrian walkways including all ADA requirements?	Yes	No
If temporary ramps or walkways are needed please show the location on the CMP site plan.		
7.0 Sediment and Erosion Control		
Attach a site plan to this application which identifies all Best Management Practices which will prevent any erosion and sediment transport offsite.		
9.0 FUGITIVE DUST CONTROL		
A Fugitive Dust Control Plan is in place.	Yes	Not Applicable

10.0 NOISE SUPPRESSION

A noise suppression plan is in place. Yes Not Applicable

Projects are limited to 70 decibels (dB) at the property line during the summer on season. All other times projects will be limited to 80 decibels (80dB) at the property line.

SIGNATURES

I acknowledge that all information provided is accurate. The project will comply with all TOSV Construction Management Plan Requirements as submitted for permitting. Contractor acknowledges that failure to abide by this affidavit can result in stop work orders, fines, or summons to appear in muni court.
