## COMMUNITY NEWSLETTER

### BEARS ARE BACK!

Snowmass Village is in prime black bear habitat. Residents are encouraged to be bear-aware and minimize the risk of bear-human interactions. Make sure you only use a bear resistant trash can. For information on living in bear habitat, please visit the Town's webpage on [bear education](#).

### TOWN CLEAN-UP DAY MAY 17TH

After a long winter the Town could use your help in picking up leftover winter garbage. Pick-up trash in the morning and then enjoy lunch at the Snowmass Rec Center at noon. By registering it helps with the head count for the food order.

Details and registration;

### SPRING TRAIL ETIQUETTE

As warmer weather arrives so does the mud. Trail users (hikers, runners, cyclists) are reminded to please stay of the trails when they are muddy.

Wildlife area closures persist throughout the season as well. Please respect all closures.

### CELEBRATION OF THE 50TH ANNIVERSARY AND NEW ARENA COMPLETION.

On June 26th, there will be a celebration at the Rodeo to mark its 50th anniversary and the completion of the new arena. This is a special occasion, and it's an invitation to everyone to come and be part of the festivities. It's a family-friendly event, so bring your loved ones along to enjoy the fun.

The excitement doesn't end with the anniversary celebration. Throughout the season, the Rodeo has planned to incorporate more special events to enhance the experience. So, even after June 26th, there will be more reasons to stay engaged and entertained at the Rodeo. Keep an eye out for announcements about these additional events and activities.

# TOWN CONSTRUCTION UPDATES

## Lower Kearns Road Culvert Replacement Project:

- The project has progressed into Phase 2 of the culvert replacement. Phase 2 includes the replacement of the southern half of the existing culvert to mirror what was completed in Phase 1. Excavation stabilization has been completed and the project is on schedule to be completed with Brush Creek Rd back in the pre-project alignment by July 4th.

## Fiber Broadband Phase 2:

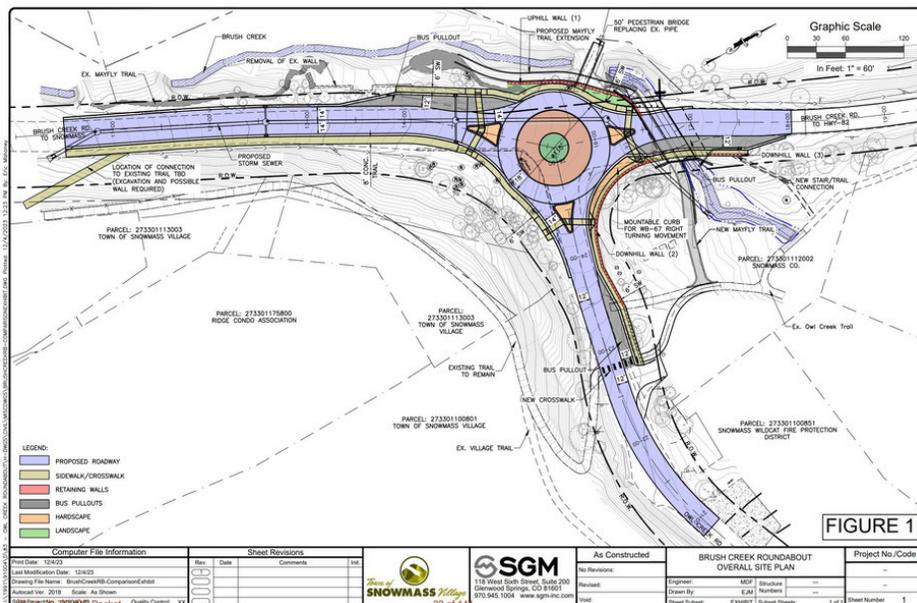

- The Fiber Phase 2 project received two bids. The project team will award the contract to the selected contractor within the week. Construction will be completed throughout summer/fall 2024 throughout the Village.

## Little Red School House:

- The project team has completed a round of pricing, value engineering, and design revisions on the proposed design to expand early childcare services at the LRSH. Feedback from the Planning Commission and Town Council have been incorporated into the revised design. The design will be presented to Council in the coming weeks to get approval to submit for Land Use.

## Proposed Roundabout at Brush Creek Road & Owl Creek Road:

- To improve the safety and function of the intersection of Brush Creek Road & Owl Creek Road, a roundabout has been proposed. This roundabout would replace the existing intersection and incorporate the multimodal connection created by the new culvert structure. The planning process for this roundabout has not yet started. More information will be shared as it becomes available.

# TOWN CONSTRUCTION UPDATES

## Highline Road Gas Line Construction Project:

The Black Hills Energy project on Highline Rd, which has the road closed, is installing a new gas line along with town fiber and prepping for pedestrian improvements along Highline. Highline Rd is currently on schedule to reopen in mid-May with a single-lane closure from Owl Creek Rd to the Tom Blake Trailhead into June. The pedestrian improvements/widening along Highline Rd from Brush Creek Rd to Owl Creek Rd will be completed later this summer during the final paving of Highline Rd.

The tentative timeline includes:

- **April 1 - April 22:** Road closure from the roundabout to Snowmass Club Circle with a detour route.
- **April 23 - May 10:** Road closure from Snowmass Club Circle to the intersection of Highline & Owl Creek Road with a detour route.
- **Mid-May – Late-June:** Single-lane closure from the intersection of Highline & Owl Creek Road to Tom Blake TH.
- **Paving on Highline Road is scheduled for mid-May.**
- **Paving on Owl Creek Road, including a tie-in to the existing pavement, is planned for late-June.**

These closures and lane restrictions will affect traffic, but the project is organized to mitigate overall disruption.

# TOWN CONSTRUCTION UPDATES

## Town Park Project:

- Construction crews moved into the spring phase of construction in late March
- Crews will complete infrastructure work in the construction area outlined in red in April, laying the foundation for what will become the rodeo arena. This phase includes the arena, stocks, announcers' booth, and other components of the rodeo.
- This project is projected to be completed in early June. The first rodeo of the season is scheduled for June 19. This the Snowmass Rodeo's 50th year!

# SUSTAINABILITY & ENERGY EFFICIENCY RESOURCES & REBATES FOR RESIDENTS & BUSINESSES

*Cutting your carbon footprint doesn't mean you have to drain your savings.*

## CORE- Community Office for Resource Efficiency

CORE provides funding for energy efficiency improvement projects for residential, commercial, multifamily buildings and offers additional funding for community priority participants.

Have an old furnace? Consider upgrading to a heat pump. The Community Office for Resource Efficiency (CORE) provides funding for heat pumps and other energy-saving projects, up to \$15,000 for individuals or \$200,000 for multifamily buildings.

For details, including application guidelines, visit [AspenCORE.org/savings-finder](https://AspenCORE.org/savings-finder).

## Holy Cross Energy Rebates

New income-qualified rebates for energy efficiency and electrification projects

For 2024, we're excited to offer our income-qualified residential members expanded rebates on energy efficiency and electrification projects.

If your household income falls under 150% of your county's Area Median Income, we'll rebate 50% of your qualifying total project cost up to \$7,500/year. [Learn More](#)

These incentives offered by the co-op help members offset initial costs for energy-efficient upgrades, ultimately cutting overall energy consumption, reducing individual energy bills, and promoting the adoption of electric alternatives over fossil fuels like natural gas or propane. For more information, visit [holycross.com/rebates](https://holycross.com/rebates)

**In addition to receiving funding from CORE for energy-saving projects, and Holy Cross Energy, you may be eligible for additional funding through the State of Colorado, or the Federal Inflation Reduction Act.**

## TOWN CLEANUP DAY

Town Clean-up Day returns to the Town of Snowmass Village on May 17, 2024. Registration is appreciated at [tosv.com/500/Town-Clean-Up-Day](https://tosv.com/500/Town-Clean-Up-Day)

Join your fellow Villagers and help beautify Snowmass Village by participating in this time-honored Town tradition! Trash and recycling bags will be available for pickup between 8:30 - 9:30 a.m. at the Daly Lane Depot. Volunteers will then have the morning to work through key areas of the Town, picking up trash and refuse left over from the winter season. Town crews will collect bags of trash throughout the day.

Town Clean-up Day helps to beautify the town, keeps our waterways clean, and reduces impact to the natural landscape and wildlife.

Lunch will be served at the Snowmass Village Recreation Center on the pool deck beginning at 12:00 noon.

Pre-registration helps with ordering food for volunteers, Please complete the [2024 Town Clean-up Day Registration Form](#).
