DRAW SITE WORKFORCE HOUSING PROJECT

The [Town's Comprehensive Plan](#) identified a need for 383 additional workforce housing units to meet the demand identified in 2018, before the dramatic market changes initiated by the Pandemic. The Town currently has 280 Village employees on a waiting list for our 300 rental apartments, representing a wide variety of workforce and family types. The Council has consistently named creating new affordable housing as one of its top priorities and set a goal in 2023 to create 185 new units for people working in our Village. In 2021, the Town adopted a [Workforce Housing Master Plan](#) that identified five (5) town-owned sites that could support housing development.

In late 2022, the Council directed staff to pursue development at the Town Hall Draw. The site was selected because it has the greatest potential for unit development, is well-located close to transportation and town services, was called out for affordable housing development in the Comprehensive Plan and has historically been identified for future housing development. Led by the design firm of Site Architects, a design team was engaged in the fall of 2022. Taking a "site first" approach to the site, an extended team of site specialists performed a thorough site analysis identifying site constraints and considerations to inform the design. Since then, multiple design options have been presented to the Snowmass Village Town Council for consideration and modification.

DRAW SITE WORKFORCE HOUSING PROJECT

Due to the projected cost of developing the Draw Site, the town was required under the Town Code to secure a vote of the electorate before allocating the estimated funding needed to build this project. In November 2024, Snowmass Village voters authorized, by a vote of 61% in favor and 39% opposed, a housing development of up to approximately \$86 million and up to 79 units.

At its February 18, 2025 meeting, the Town Council directed the further development of a one-building option for the Draw Site. As currently envisioned, the building would provide approximately 65 units in an “L” shape. It will provide a mix of studios, one-bedroom, two-bedroom, and three-bedroom apartments at rents that will be affordable to the local workforce. There will be both underground parking for tenants and surface parking for visitors and delivery vehicles. The building will be accessed by a switch-back road that rises with the site, minimizing the cuts into the hillside. There will be a significant green space behind the building for use by tenants, and ample space has been reserved for tenant storage and e-bike charging.

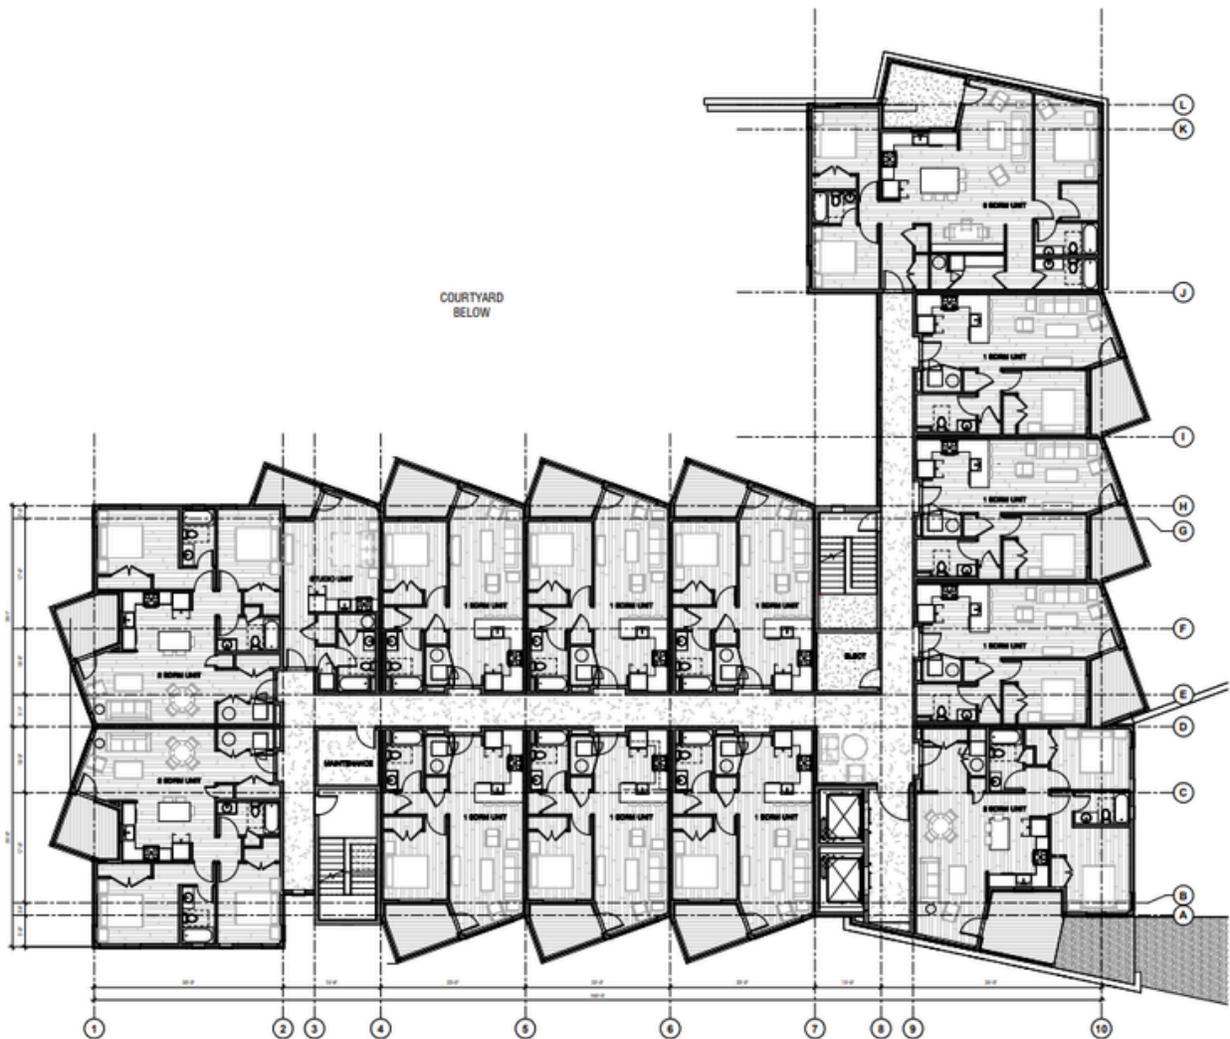

While still in early design development, the [current plans for this option may be viewed online](#).

DESTINATION MANAGEMENT TRANSITIONAL PLAN

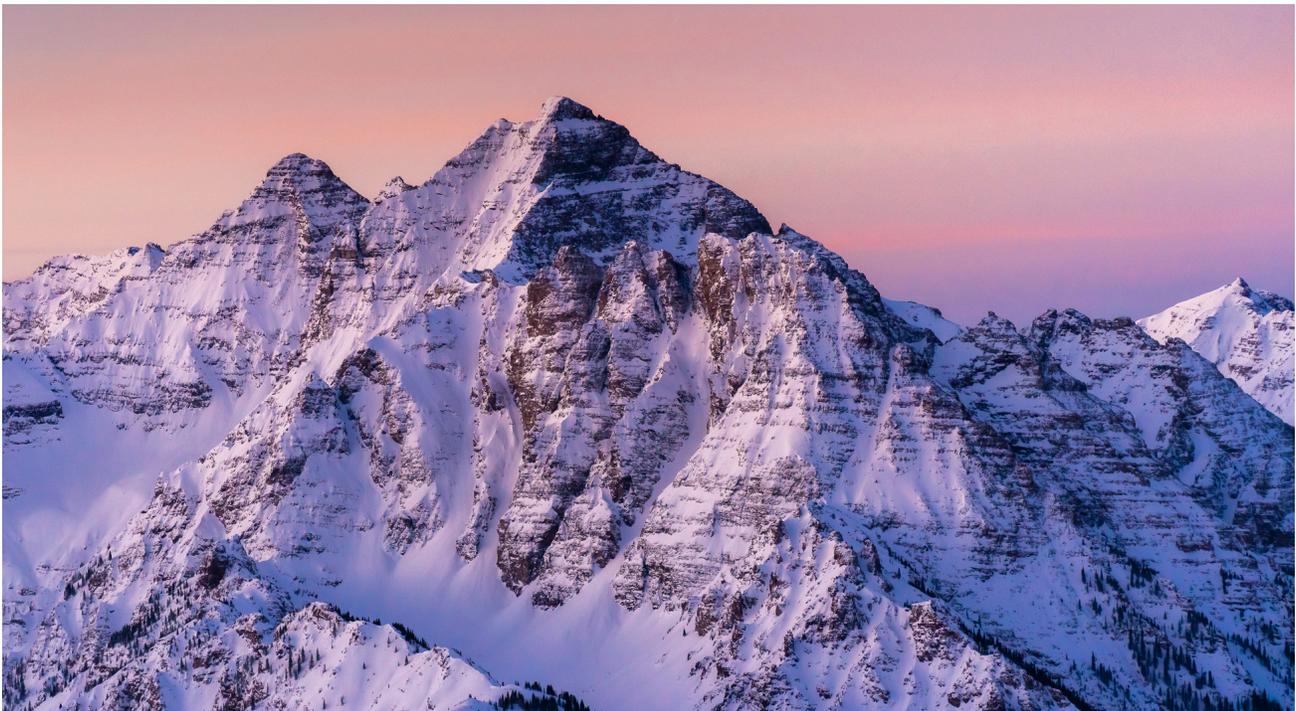

Please join us for one of two sessions of our Destination Management Transitional Plan Presentation. We encourage everyone to engage and provide feedback. These meetings will be virtual only on *Teams*.

These Snowmass Tourism meetings will feature a presentation of the DRAFT Destination Management Transition Plan with Sarah-Jane Johnson, Roadmap Consulting.

Snowmass Tourism embarked on a seven-month planning initiative to create its first-ever destination management plan to guide more holistic stewardship of the destination. The plan will act as a guiding document for the work of the tourism department and support them in transitioning to broader functions beyond operations of marketing, group sales, events, and visitor services. Join this one-hour virtual presentation of the plan and find out how to view and provide further feedback to the Snowmass Tourism team.

WILDFIRE PREPAREDNESS IN PITKIN COUNTY

Your wildfire emergency plan must be prepared well in advance of a fire and shared with all members of your household. Use the checklists provided by Pitkin County to help you prepare your family for a wildfire emergency.

One of the first steps you should take in preparing for wildfire is to Create a Family Wildfire Emergency Plan.

- Include meeting locations and communication plans and rehearse your emergency plan regularly.
- Your plan should include family pets as well as the evacuation of any large animals such as horses.
- Have fire extinguishers on hand and train your family how to use them.
- Ensure that your family knows where your gas, electric and water main shut-off controls are and how to use them.
- Plan several different evacuation routes.
- Designate an emergency meeting location outside the fire hazard area.
- Assemble an emergency supply kit as recommended by the American Red Cross.
- Appoint an out-of-area friend or relative as a point of contact so you can communicate with family members who have relocated.
- Maintain a list of emergency contact numbers posted near your phone and in your emergency supply kit.
- Keep an extra emergency supply kit in your car in case you can't get to your home because of fire.
- Have a portable radio or scanner so you can stay updated on the fire.

TOSV RECEIVES 2024 GOLD LEVEL HEALTHY WORKFORCE DESIGNATION

Cigna Healthcare has selected the Town of Snowmass Village as a recipient of their 2024 gold level Healthy Workforce Designation for demonstrating a strong commitment to improving the health and vitality of its employees through a workplace well-being program.

The Town of Snowmass Village is dedicated to fostering employee wellness through a comprehensive benefits package. This includes paid leave, health insurance, retirement options, and an Employee Assistance Program (EAP). Additionally, employees receive recreation and wellness benefits, such as an annual allowance for approved activities and discounted memberships at the Snowmass Recreation Center. These initiatives reflect the town's commitment to supporting the health and well-being of its workforce.

“At the Town of Snowmass Village, employee health is our top priority; we are honored to be recognized with the Cigna Healthy Workforce Designation” said Talita Garcia, Human Resources Director. “We understand the important role employee well-being plays in an organization’s success and the relationship between healthy employees contributing to a more productive, satisfied workforce and positive business performance.”

The Cigna Healthy Workforce Designation evaluates organizations based on the core components of their well-being program, including leadership and culture, program foundations and execution, policies and accommodations, and additional areas. Organizations recognized with this designation set the standard of excellence for organizational health and vitality. Cigna Healthcare is proud to honor the Town of Snowmass Village with the gold level designation for having made strong progress towards a healthy work culture by establishing and growing their employee well-being and engagement program.

PARKS, RECREATION & TRAILS NEWS

In addition to managing an 18,000 state-of-the-art recreation center, the department is responsible for the town's world-class trails system that consists of a network of more than 40 miles of hiking, biking, and equestrian trails.

We would like to inform you of the latest updates and offerings from our facility:

- **Ice Rink Status:** The Rec Center Ice Rink is open...while the ice lasts.
- **Registrations for Indoor Activities:** We strongly recommend early registration to ensure your spot in our popular indoor programs, such as pickleball, fitness classes, and lap lanes. These activities fill up quickly, and securing your spot in advance is the best way to guarantee participation.
- **Cross-Country Ski Lending Program:** Free gear is available at the Rec. Center. Crews are grooming paved trails as the fresh snow falls. This program is designed to enhance your winter experience, providing access to equipment for outdoor enjoyment.

Please visit our website, Facebook (@tosvreccenter), or Instagram (@snowmassRec), and refer to our catalog for the most accurate and timely information. We appreciate your ongoing support and look forward to providing you with exceptional recreational opportunities.

SNOW REMOVAL IN TOWN

The Town of Snowmass Village Road Division follows a snow removal plan each winter season. Town crews use a mix of equipment and technology to remove snow from public roadways and areas throughout the season. This creates a safe environment for motorists and pedestrians who utilize public transportation corridors. The Town prioritizes roadways according to traffic volumes, public safety requirements, bus routes, and access for emergency equipment.

The Town's fleet of snow removal equipment is prepared and ready as soon as snow is forecasted. Crews are scheduled from 5:30 a.m. to 10:30 p.m. seven days a week during the winter season and use three plow-and-sand trucks, two front-end loaders, and a motor grader to plow the Town's 39 miles of roadway.

The first priority for crews is major arterial roadways (Brush Creek Road, Carriage Way, Highline Road, and Owl Creek Road). The second priority is collector streets (Daly Lane, Divide Road, Horse Ranch Drive, and others). The third priority is other residential streets and parking lots.
