Re: Info Update

---

#### LET'S GET STARTED!

We closed on the 3 acres of land behind the Snowmass Center last Thursday. Jeff and the Finance Team killed it.

#### WILDFIRE COLLABORATIVE

We have continued our annual contribution and participation in the Roaring Fork Valley Wildfire Collaborative. An annual update letter from them is attached for review.

#### SPEAKING OF COLLABORATION

The community-wide discussion on wildfire is scheduled for June 18 at The Collective. Among other things, it will feature a screening of the film "Elemental: Reimagine Wildfire". In addition to the movie, the format will be Q&A with a panel of speakers, including Scott Thompson and John Mele from RFFRA, Kevin Warner from the USFS, Snowmass Water and Sanitation and our PD. The Roaring Fork Wildfire Collaborative will facilitate the discussion. It will be a very similar format to what the presentation at Tecaw last year.

#### TID BITS

- The State Department of Local Affairs has invited the Town to present a grant request for the Little Red Schoolhouse Childcare Expansion project on June 17. The Mayor will be leading our grant request effort before the Energy Impact Advisory Committee.
- The Planning Commission has started its review of the updated lighting code. It will start its review of the workforce housing code amendment next week.
- We will be paving Brush Creek Trail this week and next.
- The Melton Ranch trail paving will be in June.
- New Police cruisers are being delivered this week.
- Seasonal weight restrictions on local streets are in place until June 15.
- The team continues to refine the Destination Management Plan draft.
- On June 11 there will be a summer kick off Tourism Talk at the Collective from 10-11.
- Get on the bus Gus..... The Summer expanded service starts June 2 – Sept 21
- Emily graduated!!
